# Palmer Madison Renae

**Business & Logistics Data Analyst | SME Accounting AI • Operations • Japanese (日本語) & Spanish**

palmermadisonrenae@gmail.com | linkedin.com/in/madison-palmer-652b62145

Nairobi, Kenya | Remote / Global (EN • JA • ES) | Kenyan Citizen (U.S.-Educated)

## PROFESSIONAL SUMMARY

U.S.-educated **Business & Logistics Data Analyst and AI Operations Specialist** (**Kenyan citizen** based in Nairobi, Kenya) with **5 years of experience** driving supply-chain analytics, cross-border commercial operations, and practical **AI integration into small business accounting software**. Educated in Management Science, Business Analytics, and Languages in the United States (Stanford M.S., UC Berkeley B.S.), combining strong quantitative reporting (**Excel, Power BI, Tableau, SQL**) with **5 years of professional working fluency in Japanese (日本語, JLPT N1) and Spanish (Español, DELE C1)** alongside native English and Swahili. Proven track record automating invoice OCR, bookkeeping categorization, cash-flow forecasting, and multi-currency reconciliation inside **QuickBooks Online, Xero, Zoho Books, and Sage** while optimizing freight and inventory performance across U.S., Japan/APAC, East Africa, and LATAM markets.

## CORE QUALIFICATIONS

- **Small Business Accounting AI Integration:** Implemented and audited AI tools inside **QuickBooks Online, Xero, Zoho Books, and Sage** — automating receipt/invoice OCR, ledger categorization, bank feeds, VAT/tax prep, and cash-flow forecasting.
- **Logistics & Supply Chain Analytics:** Analyzed freight rates, container transit lead times, warehouse inventory turnover, 3PL SLAs, and landed-cost variances to reduce stockouts and shipping overhead.
- **Business Data Analysis with AI:** Advanced proficiency in **Excel (Power Query, PivotTables, XLOOKUP, financial modeling), Power BI, Tableau, SQL reporting, and AI copilot analytics** for executive decision-making.
- **Japanese & Spanish Business Fluency:** 5 years of full professional fluency in **Japanese (日本語 — JLPT N1, corporate *keigo*, trade & invoice docs)** and **Spanish (Español — DELE C1, LATAM & Spain commercial operations)**.
- **AI Output & Financial Data Evaluation:** Skilled at evaluating AI-generated accounting entries, financial summaries, demand forecasts, and English/Japanese/Spanish business prompts for numerical accuracy and compliance.
- **Cross-Border Trade & Procurement:** Managed vendor scorecards, purchase orders, bills of lading, commercial invoices, and multi-currency AP/AR workflows across **USD, KES, JPY, and EUR/MXN**.
- **Financial Controls & Reconciliation:** Standardized month-end close checklists, duplicate-invoice detection, expense audit trails, and P&L variance reporting for small and mid-sized businesses.
- **Workflow & SOP Documentation:** Translates complex operational, accounting, and logistics processes into clear dashboards, SOP manuals, and training guides for non-technical business owners.
- **Multilingual Localization QA:** Reviews and localizes accounting software workflows, invoice templates, financial glossaries, and AI assistant responses across English, Japanese, and Spanish.

## EDUCATION

**M.S. in Management Science & Analytics — *Supply Chain & AI Systems*** *2019 – 2021*
Stanford University, Stanford, CA, USA GPA: 3.9/4.0 | Capstone: AI Forecasting for Global SMEs

**B.S. in Business Data Analytics — *Minor in Japanese & Hispanic Studies*** *2015 – 2019*
University of California, Berkeley, CA, USA GPA: 3.8/4.0 | Honors | Dean's List | Tokyo Exchange

## PROFESSIONAL EXPERIENCE

**Senior Business & Logistics Data Analyst — *AI Operations & SME Accounting*** *Feb 2024 – Present*
Global Trade & SMB Advisory Group — Remote, Kenya QuickBooks AI • Xero • Zoho Books • Power BI • Excel

- Led **AI integration across QuickBooks Online, Xero, and Zoho Books** for 120+ small businesses, automating invoice/receipt OCR, smart expense categorization, and bank reconciliation — cutting manual bookkeeping time by 42%.
- Built interactive **Power BI and Excel supply-chain dashboards** combining AI demand forecasting with freight rates, inventory turnover, and supplier lead times across East Africa, Japan/APAC, and LATAM corridors.
- Shortened monthly accounting close cycles from 11 days to 4 days by deploying AI anomaly checks for duplicate vendor bills, tax/VAT discrepancies, and multi-currency entries (USD, KES, JPY, EUR).
- Coordinated directly in **Japanese (日本語)** with Japanese export suppliers and in **Spanish (Español)** with LATAM logistics partners to reconcile commercial invoices, packing lists, and delivery schedules.
- Evaluated and refined 250+ AI accounting, financial analysis, and logistics prompts across English, Japanese, and Spanish, raising automated classification accuracy by 31%.
- Trained 15+ small-business bookkeepers and operations staff on AI accounting workflows, financial controls, and KPI reporting.

**Logistics & Financial Data Analyst — *Supply Chain & Business Intelligence*** *Aug 2022 – Jan 2024*
Pacific Cross-Border Commerce Corp., Seattle, WA (OPT) Tableau • Excel Power Query • SQL • QuickBooks

- Analyzed 500K+ shipment, warehouse inventory, and carrier billing records using Excel Power Query, SQL, and AI forecasting models, reducing freight spend by 18% and stockout rates by 24%.
- Configured automated landed-cost allocation and accounts-payable matching workflows connecting freight invoices directly into QuickBooks Online and Xero.
- Translated and localized vendor onboarding manuals, commercial invoice templates, and operational KPI reports across Japanese, Spanish, and English.
- Produced weekly executive scorecards tracking SKU profitability, on-time delivery performance, and working-capital cash flow.
- Built standardized bilingual vendor discrepancy workflows that recovered $140K+ in freight and billing overcharges.

**Business & Accounting Operations Analyst — *SME Financial Workflows*** *Oct 2021 – Jul 2022*
Lone Star SMB Advisory Services, Austin, TX (OPT) QuickBooks Online • Wave • Zoho Books • Excel

- Onboarded 60+ small businesses from manual spreadsheets onto QuickBooks Online, Wave, and Zoho Books with automated bank feeds and AI receipt capture.
- Cleaned and reconciled 100K+ historical ledger, inventory, and vendor payment records to prepare accurate P&L, balance sheet, and cash-flow statements.
- Supported Japanese- and Spanish-speaking small business owners with bilingual bookkeeping setup, invoice localization, and expense tracking.

## SELECTED PROJECTS & BUSINESS CONTRIBUTIONS

- **SME Accounting AI Rollout:** Deployed and audited AI receipt OCR, auto-categorization rules, and cash-flow alerts across QuickBooks Online, Xero, and Zoho Books for 120+ retail, wholesale, and service SMEs.

- **Cross-Border Landed-Cost & Freight Model:** Built an AI-assisted Excel & Power BI model forecasting container transit times, customs duties, and SKU margin impact across Japan, U.S., LATAM, and East Africa trade lanes.
- **Multilingual Accounting & Logistics AI Benchmark:** Created a 250-scenario evaluation suite testing AI accuracy on bookkeeping rules, financial analysis, Japanese business *keigo*, and Spanish trade terminology.
- **Working-Capital & Inventory Exception Tracker:** Designed automated BI alerts flagging slow-moving inventory, overdue receivables, and duplicate supplier billings prior to month-end close.
- **Trilingual SME Bookkeeping SOP Kit:** Authored standardized chart-of-accounts templates and onboarding guides in English, Japanese, and Spanish for cross-border small businesses.

## BUSINESS, ANALYTICS & ACCOUNTING SKILLS

• **SME Accounting Software:** QuickBooks Online, Xero, Zoho Books, Sage Business Cloud, Wave, FreshBooks

• **AI Accounting Workflows:** Invoice/receipt OCR, smart ledger categorization, bank rules, AI cash-flow forecasting

• **Data Analysis & BI:** Excel (Power Query, PivotTables, XLOOKUP), Power BI, Tableau, Looker Studio, SQL reporting

• **Spoken Languages:** English & Swahili (Native), Japanese / 日本語 (JLPT N1), Spanish / Español (DELE C1)

• **Logistics & Supply Chain:** Freight & landed-cost analysis, inventory planning, 3PL SLAs, demand forecasting

• **Financial Operations:** AP/AR automation, multi-currency reconciliation (USD, KES, JPY, EUR), VAT/tax prep, P&L

• **AI & Productivity Tools:** ChatGPT / Claude / Copilot business workflows, prompt evaluation, AI data QA

• **Trade & Localization:** Commercial invoices, POs, customs packs, EN–JA & EN–ES business translation
