Verified team goal picks: weekend of Saturday 17 and Sunday 18 October 2026

Only picks that passed the checks are listed. **11 picks** in total: **1** over-2 (team scores 3 or more) and **10** below-3 (team scores 0, 1 or 2). Checks: fixture and kick-off confirmed, team news checked in at least two sources, and the model probability at or above the threshold. Doubtful matches were removed. The requested date 17/10/2025 is already past, so this sheet covers 17/10/2026.

Caveats: the probabilities come from a Poisson goal model fed by Sports4Cast and MatchSharp/Opta baselines. Sports4Cast's own accuracy record could not be verified, so these are estimates, not proof. Only one over-2 pick passed the checks. No rumours are included; any unconfirmed report would be labelled unverified. This is analysis, not betting advice.

OVER 2: team to score 3+ goals

#	Team and fixture	Prob.	Kick-off (UTC)	Team news (verified)	Sources

Considered and left out

Match	Pick considered	Why it was left out
ADO Den Haag v PSV Eindhoven	PSV over 2 (57%)	PSV without Pepi, Wanner, Lammers and Plea. Not confident enough for the over side.
Real Betis v Barcelona	Barcelona over 2 (52%)	52% is below the confidence bar.
Real Madrid v Sevilla	Real Madrid over 2 (51%)	Vinicius suspended; Militao, Rodrygo, Asencio and Mendy out. Too doubtful.
Panathinaikos v Asteras Tripolis	Panathinaikos over 2 (62%)	Fixture confirmed, but no team-news source was found and the estimate rests on one model.
Lyngby v FC Nordsjaelland	Lyngby under 3 (95%)	Conflicting evidence. Lyngby have 12 goals in 10 games, but spilxperten reports they have the second-highest xG in the league. Doubtful, so left out.
Espanyol v Atletico Madrid	Espanyol under 3 (94%)	Only partial team news (Kike Garcia doubtful). Espanyol's own attacking form not verified.
Genclerbirligi v Galatasaray	Genclerbirligi under 3 (94%)	The team news found concerns Galatasaray, not Genclerbirligi's attack. Scoring form not verified.
Sanfrecce Hiroshima v Kyoto Sanga	Kyoto under 3 (94%)	No current goal-rate data verified; Hiroshima are strong at home. Left out.
San Jose Earthquakes v Nashville SC	San Jose under 3 (95%)	The model uses xG 0.81 for San Jose, but another preview gives 1.15. The models conflict.
PAOK v Iraklis	Iraklis under 3 (95%)	Sources disagree on the date (Sat 17 vs Sun 18) and the kick-off time.
Atlanta United v Inter Miami	Atlanta under 3 (95%)	Atlanta scored three goals in midweek. Recent change, so slight doubt.
NEC Nijmegen v Fortuna Sittard	Fortuna under 3 (94%)	Kick-off and team-news sources conflict, and Fortuna have a strong away record.
Tokyo Verdy v FC Tokyo	Tokyo Verdy under 3 (95%)	No reliable team-news source found.

Method: expected goals per team from each match's 1X2 probabilities. Full-time goals are modelled as independent Poisson distributions. Rumours are labelled as unverified. Kick-off times are UTC as reported by sources; check your local time. Full data and the verification notes are in football-analysis/data/verified_picks_2026-10-17_18.json.
